

MAXIS GLOBAL PREFERRED DATA SOLUTION:

ACCESS TO CONSOLIDATED FINANCIAL DATA ALONG WITH CONSULTATIVE SUPPORT

As a multinational employer, you know that the challenges of global risk management have become more complex and recognise that accurate information is key to successful global programme management.

In response, our MAXIS Global Preferred Data Solution (GPDS) delivers consolidated financial data to multinational employers, providing better global oversight and risk management. We can provide comprehensive financial data analysis of local policies as a stand-alone service, at no extra cost for a multinational employer.

Using the MAXIS GPDS, you can gain insight into your organisation's benefits usage and the costs of your local insurance policies, enabling you to practice stronger governance and better risk management, in line with your employee benefits strategy.

This solution is just one of the innovative ways we continue to deliver vital financial information to efficiently strengthen and mature your international programmes.

What we offer

We can set up a new MAXIS Global Preferred Data Solution for you offering the following key advantages:

- dedicated account managers at global, regional and local level to help evaluate report data
- no extra costs or fees
- an annual report with specific premium, claim and reserve data, aggregated by policy and by country for group life, accident, disability and health coverages, including current and historical performance
- high levels of governance through nearly 140 local members in 115 key markets consolidated data across all countries, by product
- world-leading Health & Wellness reports and support – our MAXIS Global Medical Dashboard reports provide a holistic view of health issues by identifying country-specific trends and cost drivers, and our dedicated Health & Wellness team will help evaluate report data and consider practical health and wellness programmes.
